## **P4G Summit Secretariat announces limited access to venues on Friday 19. October due to oversubscriptions**

Due to an overwhelming interest for the P4G Summit and a massive influx of journalists, delegates and VIP guests, we would like to kindly ask accredited media without a pool place for this event to go to the HC Andersen Castle for the Friday morning sessions.

Due to limited space available at the Confederation of Danish Industry, (H. C. Andersens Blvd. 18, Copenhagen) only a limited group of media can be given access to the DI building.

Media with pool cards for Pool 1 (the photo and camera pool) will be allowed in the DI Building. The same applies to a smaller group of media, including reporters. These will be contacted by the P4G Summit Secretariat directly.

These press/media will be seated in rooms next to the conference hall where live streams of the sessions will be available (Pool 1A).

The HC Andersen Castle will contain live-streams of the morning's three sessions, as well as a variety of delegates similarly following the morning's sessions from the HC Andersen Castle.

The HC Andersen Castle is very centrally located and in close proximity to all of the Summit venues.
